Iron-Workers Strike. POTTSVILLE, Pa., June 30.—Eight hundred men employed at the Fishbach Rolling Mills of the Pottsville Iron and Steel Company struck this morning because the President and General Manager refused to sign the wages scale. Seventh avenue to get the fresh air saw him pass and repass, now with hesitating step, and again with a quick, nervous stride as if urged on by some maddening thought.

He carried a little pasteboard box in his hand.

In front of the Lawn-Tennis Club he halted at last, stood thinking a moment, then apparently making up his mind, with an impatient shrug of the shoulders opened the box, took from it a new "Ranger" revolver, put the muzzle to his head and fired.

He fell at the shot and did not stir once. The report of the pistol had not died away before the prostrate man was surrounded by an excited throng.

The letter was mailed by the hospital people.

It is supposed that Koehler, if that was the suicide's name, was a member of the Brighton Beach Hotel Orchestra, or had been. He was dressed comfortably in gray coat and vest and striped trousers, and had the general appearance of a musician.

The revolver he had evidently bought for the express purpose of shooting himself, perhaps with the last mency he had. The box in which he carried it was evidently the original package.

The body of the suicide was sent to the Morgue to-day.
